Github: [www.github.com/aaronik](http://www.github.com/aaronik)

Personal: [aaronik.com](http://aaronik.com)

San Francisco, CA

774-258-0741

AaSullivan1618@gmail.com

## Education

**University of Vermont:** 2005-2009, Bachelors of Science in Theoretical (Pure) Mathematics  
Math GPA: 3.6 Overall GPA: 3.2

**Algonquin Regional High School:** 2001-2005, Northborough, Massachusetts

## Projects

**The Tone Lotus:** Created a musical instrument using Backbone.js and various other libraries. Find it at <http://the.tonelot.us>.

**Aaronik.com:** A personal website; a portfolio of sorts.

## Experience

**Physics Teacher:** 2011 – 2013, Taught physics to high school kids in northeastern Thailand.

**Such A Voice (SAV):** 2008-2011, Post Production Audio Engineer, Studio Coordinator, Pro Tools teacher, Studio Manager, IT Specialist

- *Post Production Audio Engineer:* Created Voice Over Demos using Pro Tools from raw V/O takes
- *Studio Coordinator:* created automated systems and logical procedures to manage all information and work flow coming in and out of the studio, and maintained the systems throughout tenure
- *IT Specialist:* very handy with computers - kept everything running smoothly (which was not always a trivial task), and wrote a handful of small programs to help keep the work flow running smoothly and easily for everyone involved
- *Studio Manager:* the studio manager was promoted to head of the company, and I was chosen to fill the position
- *Pro Tools Teacher:* sole teacher of SAV's Pro Tools Master Classes, taught about once a month in cities around the country

**GIV Math Camp Counselor:** 2009, 2010, 2011, Counselor for a math camp held for gifted high school students in Burlington, Vermont.
